

AP-360 Brushless Rotary Polishing System

The *PRO POLISHER* AR-360 is a powerful rotary grinder/polishing system that incorporates a rugged brushless handpiece that will handle all your grinding, deburring and polishing task with ease. This handpiece has a maximum RPM of 30,000. It will maintain high torque in all speeds even under a heavy load.

The power pack allows for variable speed adjustment from 18,000 - 30,000 in both, forward and reverse.

The *PRO POLISHER* AP-360 is yet another addition to our line of power tools that allow our customers to select the best possible system for thier application and situation.

All *PRO POLISHER* systems come with a full one year warranty. Service and repairs are performed at our Watertown, Wisconsin facility.
